BRØDRENE FLAARØNNING

GEILO LAFT

Fortsatt finner de fleste en god, befriende og avslappende følelse ved å komme til hytta. Det skjer noe med deg. Du blir inspirert til å bruke naturen, enten det er tur i fjæra, på havet, på vannet eller opp på fjellet. Det er lav terskel for å gjøre noe lekent ute i naturen eller inne i hytta.

THE CREWEL WORK COMPANY

The Crewel Work Company is a family business launched over 25 years ago by embroidery specialist Phillipa Turnbull. Phillipa and her daughter Laura run the business together and share a passion for historic embroidery and for keeping the designs and techniques from the past alive and thriving. Supported by a small team based in Appleby-in-Westmorland, their range of historically-accurate kits and life-changing Needlework Retreats in the UK are hailed as among the best needlework experiences available.

Tjallmo from Nordic Fire

The background of the advertisement is a close-up, artistic shot of a stainless steel stove burner. The burner's curved metal rings are prominent, with bright blue and white flames visible through the center. The lighting is dramatic, highlighting the metallic texture and the intensity of the fire. In the top left corner, there is a solid yellow rectangular box containing the brand name 'SCHIEDEL' in white, bold, sans-serif capital letters. Below this, the text 'STOVE SYSTEMS' is written in a smaller, bold, white sans-serif font. A paragraph of white text follows, describing the stove systems. At the bottom, another yellow rectangular box contains the slogan 'SPARK UP YOUR LIFE' in white, bold, sans-serif capital letters.

SCHIEDEL

STOVE SYSTEMS

The stove is the soul and the center of the house. In addition to the standalone and ambient air-independent SIRIUS product range, Schiedel also provides a design furnace system called KINGFIRE integrated in the shaft. Efficient, award-winning, independent of indoor air and future-proof!
